

Solvent Free Degreaser - ABP

Solvent Free Degreaser is a powerful, highly effective bio-degradable degreasant with all the advantages of a solvent free formulation.

Application

Floors

Brush in undiluted Solvent Free Degrease with a stiff broom.
Leave for 5-10 minutes for penetration, and then scrub with a stiff broom or mechanical scrubber. Rinsing with clean cold water will float away oil and grease.

Machinery

Liberally coat oily and greasy parts, using a soft brush.
Leave for 5-15 minutes according to hardness of oil or grease, then rinse well with clean cold water.

Warning

Protect materials that might be attacked or must not become wet.
Solvent Free Degrease is bio-degradable, but a mixture of the Degreaser, oil and grease should not be allowed to enter rainwater drains or open water courses. The mixture can be removed from the floor using a wet vacuum and disposed of as chemical waste.

Coverage

Varies widely according to conditions but 4m² per litre may be used as a guide.

Safety

All product labels provide general safety information. Material Safety Data sheets are available.
Food products must be removed from the area during use.

All products are sold subject to the Company's Standard Conditions of Sale. The Company and its representatives are often asked to comment on its potential uses of products which differ from those described in the Company's data sheets. Whilst in such cases the Company and its representatives will always try to offer helpful and constructive advice, the Company cannot be held responsible for the results of such uses unless they are specifically confirmed in writing by the Company.

All information is based on results gained from experience and testing and is believed to be accurate, but it is given without acceptance of liability for loss or damage attributed to reliance thereof as conditions of use lie outside our control.
