APPLICATION

GREEN VELVET, is a 15% active neutral detergent for use as a general purpose cleaner for light duty cleaning in a wide range of industrial and domestic environments. It has been found to be especially effective for windows and as a glass cleaner for transport vehicles. It is also ideal as a washing up liquid.

METHOD OF USE

Use at approximately 1% diluted in water.

SAFETY PRECAUTIONS

GREEN VELVET is essentially non hazardous. However it is a powerful degreaser in its concentrated form.

Wear gloves as a precautionary measure. Wash off splashes to skin or eyes with plenty of water. For detailed health and safety information request a hazard data sheet.
