

ICFD AEROSOL

FORD TOX NO: 147243
§ FAST DRYING SOLVENT CLEANER
§ NON CFC
§ REMOVES DIRT, OIL, GREASE, DUST ETC.
§ QUICK DRYING - NO RINSING REQUIRED
§ 111 TRICHLOROETHANE FREE

ICFD is a hydrocarbon solvent specially formulated for cleaning components and parts without the need for time-consuming dismantling.

ICFD is a fast evaporating solvent for the removal of oil, grease, dirt and carbon in a multitude of applications. Component surfaces are left clean and dry. If using on electrical equipment, isolate before use and leave switched off for at least 30 minutes, allowing adequate ventilation for evaporation.
Safe on all metals.

DIRECTIONS FOR USE.

Shake can well before spraying. Spray liberally using force of jet to loosen grease, dirt, etc. allowing to run off. Allow to air dry. Protect rubber and plastic parts from overspray.
Avoid contamination of hydraulic fluid with this product.

HEALTH AND SAFETY:

Use in a well-ventilated area and avoid excessive skin contact. Small spillages will soon evaporate in well-ventilated areas. Large spillages can be recovered for re-use by distillation.
Do not puncture or incinerate aerosol, even when empty keep out of reach of children
Not to be taken internally
Keep away from sources of ignition-no smoking
For detailed safety information see material safety data sheet.

ALSO AVAILABLE IN BULK. Currently packed in 25 lit drums.
